## Utah Specific Transaction Instructions

837 Health Care Claim: **Dental** ASCX12N 837 (004010X097A1)

The Health Insurance Portability and Accountability Act (HIPAA) requires all health insurance payers in the United States to comply with the Electronic Data Interchange (EDI) standards for healthcare as established by the Secretary of Health and Human Services. The ANSI ASC X12N 837D Version 4010 implementation guide is the standard of compliance -- available at <a href="https://www.wpc-edi.com">www.wpc-edi.com</a>. The following supplemental information is specific to Utah Medicaid and serves as a companion guide to the implementation guide. Utah Medicaid Provider Manuals are available at <a href="https://www.health.utah.gov/medicaid/tree/index.html">www.health.utah.gov/medicaid/tree/index.html</a>.

- For questions or suggestions about this companion guide, call (800) 662-9651 menu 3, menu 5, or (801) 538-6155 menu 3, menu 5, Operational Support and Development (OS&D). Go to <a href="http://health.utah.gov/hipaa/guides.htm">http://health.utah.gov/hipaa/guides.htm</a> to obtain the latest version of this guide and other companion guides. OS&D can help resolve issues on all EDI.
- All EDI must pass through the Utah Health Information Network (UHIN), an independent, not-for-profit, value added network serving all payers in Utah. Contact UHIN at www.UHIN.com or call (801) 466-7705 x200. UHIN will assign a Trading Partner Number (TPN) for EDI.
- Use your TPN and your Utah Medicaid 12-digit Contract number or your TPN and your National Provider Identifier (NPI) to complete the Online Utah Medicaid EDI Enrollment Form (EForm) at <a href="http://hcf.health.utah.gov/hcfenroll/index.jsp">http://hcf.health.utah.gov/hcfenroll/index.jsp</a>. Without a successfully completed EDI enrollment, the Medicaid computer system will not acknowledge any transmission (e.g. no 997, no 277FE, etc).
- 4. Register your NPI with the Medicaid Provider Enrollment team, 538-6155, menu 3, menu 4, or fax your NPI (include 12-digit Medicaid Contract number, taxonomy code, and zip code+4) to (801) 536-0471. The Medicaid Contract number will not be allowed on or after the NPI deadline. If a provider affiliates their NPI to more than one Medicaid Contract number, they will also need to provide either a unique Taxonomy Code or a unique address to each of the Contract numbers to help the Medicaid computer distinguish the Contract number for which they intend to bill. Claims that do not match to exactly one Medicaid Contract number will be rejected. NOTE: The 835 electronic remittance advice will report both the NPI and the Tax ID.
- 5. Transmit dental claims anytime 24 hours a day, 7 days a week. Electronic claims received before the End of Business on Thursday usually adjudicate on that weekend. Transactions received after the End of Business on Thursday will miss the adjudication cycle and will process the following weekend.

- 6. Medicaid Customer Service agents are NOT able to see any claim that has not processed through at least one weekend adjudication cycle. Use the 997 and 277FE reports to determine status of electronic submissions prior to a weekend adjudication cycle. After an adjudication cycle use the 276 for claim status; include the 17-digit Transaction Control Number (TCN) assigned to the claim by the 277FE.
- 7. Utah Medicaid recommends submitting 15 or fewer service lines for each Dental claim. Claims submitted with more than 15 service lines will be split and may encounter processing delays.
- 8. A 997 Functional Acknowledgment will be available for pickup (download) within two hours of transmission for all 837 transactions. If you find no 997, then contact OS&D. A "rejected" 997 is the same as a transmission that was never received contact OS&D.
- 9. A 277FE Health Care Claim Status Notification Front End Acknowledgment will usually be available for pickup (download) the next <u>business</u> day after the transmission of the 837. If you find no 277FE, contact OS&D. This transmission assigns a 17-digit Transaction Control Number (TCN) to any claim that is accepted into the Medicaid Management Information System (MMIS). The lack of a TCN is the same as if that claim was never received. Use the Claim Status Codes <a href="http://www.wpc-edi.com/content/view/524/225/">http://www.wpc-edi.com/content/view/524/225/</a> to determine why the claim was rejected, then make repairs and resubmit.
- 10. Transmit claims for all the Medicaid programs (Non-Traditional Medicaid, Primary Care Network, Select Access, Baby Your Baby, etc.) to Medicaid Fee-For-Service (FFS), HT000004-001 or to HT000004-005 for crossovers.
